

# GREEN CONE

## The simple, natural way to deal with all of your food waste

- Effectively deals with all types of food waste – animal and vegetable, cooked and raw - where it is created
- Solar energy and air movement create a simple natural accelerated aerobic process
- No turning or regular emptying
- Safely and efficiently handles all of the food waste of a family of four to five
- Is a zero GHG, zero operational cost solution for food waste in single family dwellings
- An independently tested and proven, completely sustainable solution

### If every house in BC had a food waste digester

- 750,000 tonnes of waste diverted from the landfill annually
- Cost savings of \$48 million a year – in tipping fees alone
- Annual reduction of 658,000 tonnes of CO<sub>2</sub>E per year into the atmosphere

### Community Partnership Program with the VUL

**Price:** Green Cone Kit (Green Cone, kitchen caddy and accelerator)      **\$140 plus tax**

**Buy it:** Online - Apr 18 to May 21 through the link on the VUL website - [www.vul.bc.ca](http://www.vul.bc.ca)
